

End-to-End Solutions for Your Patients

Biologics by McKesson is the specialty pharmacy that will handle any prescription and take care of your patients throughout their treatment journey.

We provide access to 150+ therapies, including 60+ limited-distribution and 10+ exclusive therapies.

*Stats apply when Biologics receives a clean prescription. Ask us for a referral checklist to ensure you know what we need to get your patients on therapy quickly.

Step 4

WE SECURE FINANCIAL ASSISTANCE We help secure financial assistance

and co-pay solutions for patients. In 2020 alone, we secured \$27.8M.

Step 3 WE ARRANGE PRIOR AUTHORIZATION

We facilitate the PA process between payers and providers to minimize your patient's time to therapy.

Step 5

WE COUNSEL YOUR PATIENT

Our pharmacists conduct an onboarding call with your patient to ensure they understand their treatment plan and how to take their therapy. These calls average 45 minutes.

Step 6

WE SHIP - FAST! We get your patients on therapy

as quickly as possible and continue to support them for the duration of their treatment plan.

Step 8

WE REFILL

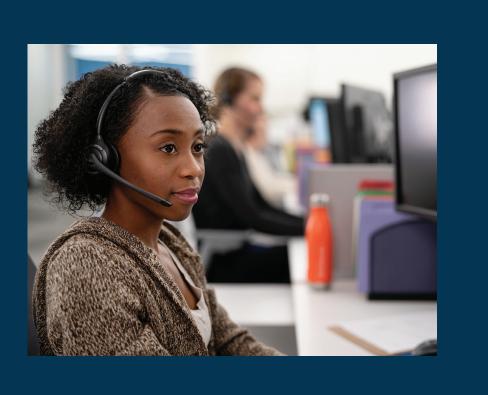

We conduct monthly calls to confirm your patient's preferred address for refill, perform a pill count and assess for nonadherence or overadherence.

Step 7

WE HELP PATIENTS STAY ADHERENT

Our clinically expert nurses conduct regular follow-up calls with patients to conduct risk assessments, answer questions, minimize side effects and prevent adverse events.

FULL TRANSPARENCY

We communicate daily.

We keep you updated on all patient cases through daily reports.*

Enroll in our PSL loyalty program so that your direct point of contact customizes communications with you and your practice to ensure conveniency and transparency.
